The citizens of the Millard School district have entrusted in you the education of the children in this community.

It is your "moral and ethical responsibility to function courageously and impartially to assure the greatest good to the greatest number at all times." You "shall represent open-mindedly the entire school district...recognizing that the schools belong to the people."

You must devote time, thought, and study to school activity in order to make creditable decisions.

You must work with fellow board members in a spirit of harmony and cooperation, in spite of differences of opinion.

You will know that at all times, as an individual, you have no legal authority outside the meetings of the board.

You must resist pressure to use your position as a school board member to benefit yourself, or any other individual or agency, apart from the total interest of the school district.

You must know that under all circumstances the primary function of the Board is to establish policies by which the schools are to be administered.

I, DAVE ANDERSON, BRAD BURWELL, MIKE KENNEDY, do solemnly swear that I will support the Constitution of the United States and the constitution of the State of Nebraska, against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely and without mental reservation or for purpose of evasion: and that I will faithfully and impartially perform the duties of a member of the Millard School Board; according to law, and to the best of my ability. And I do further swear that I do not advocate, nor am I a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence; and that during such time as I am in this position I will not advocate nor become a member of any political party or organization that advocates the overthrow of the government of the United States or of this state by force or violence. So help me God.

Dave Anderson, Brad Burwell, Mike Kennedy, do you accept the responsibility of the position on the Millard School Board? I declare you, Dave Anderson, Brad Burwell, Mike Kennedy, an official board member of Millard School District #17.

As Vice President of the Millard School Board, "I congratulate you and welcome you to one of the most important volunteer positions you will ever hold."

I, DAVE ANDERSON, BRAD BURWELL, MIKE KENNEDY; do solemnly swear that I will support the Constitution of the United States and the constitution of the State of Nebraska, against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely and without mental reservation or for purpose of evasion: and that I will faithfully and impartially perform the duties of a member of the Millard School Board; according to law, and to the best of my ability. Comments from the Board:

Mike Pate thanked Julie Johnson for her commitment and dedication to public service in serving on the Board. He told her he enjoyed serving on the board with her, and he respected her professionalism, her objectivity, and her insight. He said she brought a lot to the Board of Education and the district was better because of her.

Linda Poole thanked Julie for her service. Mrs. Poole said she enjoyed working with her for the past eight years, and that she will be missed on the Board.

Mrs. Poole also wanted to welcome Dave Anderson to the Board. The new board orientation session for Dave was done before the board meeting this evening. Mrs. Poole said Dave will do a great job on the board, and has been very active in the Millard community.

Mrs. Poole said she received notification from John Bonaiuto, Executive Director of Nebraska Association of School Board, asking for a name of one of the District's board members who would be interested in serving on the Rule 51 Special Ed Revision. This will entail about five meetings starting in January in Lincoln. Mrs. Poole asked Mike Pate if he would be interested and he did agree, so Mrs. Poole submitted Mike Pate's name to represent Millard Public Schools.

Jean Stothert thanked Julie Johnson for her service. Mrs. Stothert said Julie brought a lot of intelligence and integrity to the Board. She said more than ever Julie was a person who all board members trusted, along with community members. Mrs. Stothert wished Dr. Johnson good luck in whatever she pursues next, and said everyone appreciates all she has done for the Millard Public Schools.

Jean Stothert explained her reasoning for conceding in the race of state senator in Legislative District #12, and not to contest the results. She and her lawyer thought there would have been a good legal argument, and then the decision would have been decided in the legislature. There was a possibility, if the race had been contested, that the provisional voters would have been subpoenaed, and asked under oath who they voted for. But, Mrs. Stothert feels that people have the right to vote in confidence. She explained that she didn't want to leave the voters in her legislative district in limbo for any additional time. So, in the best interest of the voters in District #12 this was the best thing to do. Mrs. Stothert said she learned a lot in this process and did enjoyed everything about the race, and has learned so much.

Brad Burwell said Julie Johnson has always been the advocate for students. If there was one thing that Julie stood up for that was for the students of this school district. She always spoke on their behalf, and made sure that all of the students goals were first and for most in her mind in all of the decisions that she made. Julie epitomized this aspect of being a school board member. Mr. Burwell expressed his thank you, and told her it was an honor to serve with her.

Julie Johnson said it was hard to sum up the time that she has been spent on the board. She said she was active in the school and knew the District was above all, and it was something she wanted to become involved. She said has learned and grown over the past eight years in so many different areas. She said it is the right time for her to step aside and that Dave Anderson

will do a wonderful job. She wished Dave Anderson all of the best when he takes the seat in January.

Dr. Johnson thanked all of the other board members through the learning process, understanding school law, understanding the impact of the various districts around Millard, and that no one would have envisioned what the district has gone through in the last couple of years. But, through all of that she said she honors each board member for remaining for-runners in the battle, and protecting the students, and that is why she choose to serve on the board and that was for the students. Many times, she said, she feels students don't have a voice, but by giving them a face and a contact, you give them a representative that will speak on their behalf. All board members have done this. She thanked all of the other board members, administrators, support staff, and staff members for the past eight years.

Derek Collins, student representative from Millard North High School, and Corrine Wardian, student representative from Millard South High School, gave highlights from academic and athletic activities at their respective high schools.

Report on Superintendents' Joint Resolution to LB 1024

The Board is asked to consider authorizing the superintendent to work with the district lobbyist, other metro superintendents and state legislators to secure passage of legislation consistent with the Joint Statement of the Superintendents and the following tenets:

1. Amend the Learning Community Act (1024) to reduce the cumbersome bureaucracy, duplicated reporting requirements, and the unworkable common levy and transportation funding mechanisms.
2. Create a more flexible and fluid Inter-Local Learning Community Cooperative including all eleven metro area school districts with a stated purpose of promoting student achievement and diverse/inclusive student populations throughout the metro area. Boundaries of the metro school districts would be fixed as of March 1, 2006. The Inter-Local Learning Community Cooperative would make decisions as a joint entity established as a political subdivision pursuant to the Inter-Local Cooperation Act, with such agreement/policy decisions approved as needed by each involved metro school district board of education.
3. Institute a Voluntary Inclusion Plan and require all metro districts to participate. The VIP would allow students to attend any school building in the metro area provided there is capacity. Priority assignment and inter-district transfer would contribute to the socio-economic diversity of the receiving school or who attend focus schools. Each school district in the metro area would retain its authority to assign students intra-district. Establish a standardized method of establishing capacity and apply this method to all school buildings annually in the metro school districts. Participating districts would jointly create and provide high quality professional development programs for all metro-area faculties, targeted specifically to strategies for creating inclusive learning environments, successful differentiated teaching, and closing the achievement gap.
4. All the Inter-Local Learning Community Cooperative to develop and operate focus schools and establish articulated pathways that provide for student movement from elementary through middle school to high school through multiple districts. Focus school enrollment would be required to reflect the socio-economic demographics of the metro area to the greatest extent possible.
5. Require adoption and funding of a state-wide student-unit-record data system that tracks all students' progress including but not limited to attendance, performance on state assessments and graduation. Such data would be disaggregated at the state and school level by race/ethnicity, eligibility for free and reduced lunch, and ELL.

6. Create in the Governor's Office a Student Achievement Coordinator who would evaluate programs and services which assist in closing achievement gaps and the costs of implementing such programs in order to give all students an equal opportunity to achieve educational outcomes. The coordinator shall also develop a plan with the input of all metro superintendents and school boards to improve the educational attainment for all students.
7. Revise state aid, levy limits and budget lids to allow for expenditures associated with transportation, focus schools and professional development required to affect the Voluntary Inclusion Plan. Initiate a state-wide discussion and overhaul of state aid funding formula to K-12 public schools.

Transfer of Students Within the District

5110.1

- I. Determination of Unavailability. The Superintendent or designee will determine which classes, grades, programs, or schools are to be considered unavailable for student transfers within the District after considering the following:
- A. Available capacity (i.e., space for efficient and effective instruction based on total student enrollment).
 - B. The relative positive or negative impact that a transfer would have on a ~~the~~ class, grade, program, or student's assigned school, or the requested school, or on the classes, grades, or programs of either school.
 - C. Prior and anticipated future enrollment levels and at the student's assigned school.
 - D. Anticipated future growth of the class, grade, program, or school requested.

The Board will be informed annually of any classes, grades, programs, or schools that are closed to transfers.

- II. Procedural Steps to Request Transfer Within the District. The following are the steps to be followed when students desire a transfer within the District.
- A. A Transfer Request form should be obtained, completed, and returned to the building principal (the forms are available in the building principal's office).
 - B. Parents should discuss the reasons for the transfer request with the principal of their assigned school; the discussion may be in person or on the phone depending on the desire of the principal. After the discussion, the principal will forward the Transfer Request to the office of the Director of Pupil Services. The Director of Pupil Services will serve as the Superintendent's designee and will determine whether the transfer request will be granted or denied.
 - C. When deciding upon transfer requests, the Director of Pupil Services will consider the following factors:
 - 1. The reasons for the request and the principal's recommendations resulting from the conference held with the parents.
 - 2. The number of students enrolled in the building to which the student wishes to transfer, the number of students enrolled in the student's assigned school, and whether the transfer adversely affects pre-established class size, grade size, and/or total building enrollment.
 - 3. The time of year the transfer request is made.
 - 4. If the student is in a special education program, the recommendation of the Director of Special Education may be based upon the student's individualized education program and educational needs; class size; related service needs; transportation arrangements as may be required by law; the allocation of specially trained staff and personnel; facility issues; and the allocation of equipment or materials necessary to provide an appropriate education program.

5. Personnel and staffing requirements, curriculum, and facility issues affecting the building to which the student wishes to transfer.
 6. The student's educational program including but not limited to course credits and graduation requirements.
 7. The interests of the individual student based on the preceding factors.
 8. The number of transfers that a student has been granted during a school year. Unless special safety, health, or program issues are involved no student will be granted more than one transfer per school year.
 9. Students will not be allowed to transfer to another school during suspension or expulsion. A student's disciplinary record will be considered and students with extensive disciplinary records will not be considered for transfer unless it is determined to be in the safety interests of the student or the school. The transfer policy will not apply to or alter a student's mandatory reassignment.
 10. As a general rule, student transfers within the District shall be considered before applications for option enrollments when determining placements in programs, classes, grade levels, or school buildings,
- D. After considering the above-mentioned factors, the Director of Pupil Services will make a decision and will notify the parents and the principals of the buildings involved. Parents will be notified in writing.
 - E. A decision regarding a transfer request made during a school year for the following school year may be made at any time, but the District will not be obligated to make the decision until after the District's new student registration.

III. Conditions for Transfer. The following conditions apply to all transfers within the District:

- A. Students of parents who move from one school's attendance area to that of another within the District during the school year may continue attending the original school if the parents apply for a transfer even though the original school is closed to transfers for students who have not been attending that school.
- B. Once a student is transferred to a particular school, the parents need not re-apply unless they want the student to transfer back to the student's home school or to another school at the same level (elementary school, middle school, or high school) in the District. ~~Parents must re-apply if they want their student to attend a school other than the home school at the next higher level (middle school or high school).~~
- C. Once a transfer is approved, every effort will be made to make the transfer permanent; however, the District reserves the right to reassign transferred students back to their home school in order to maintain enrollment limits on an annual basis; and/or based on any of the factors set forth in Section II (C) above.
- D. Transfer requests for siblings of student already transferred will not be automatically approved. Siblings of students who have transferred must follow the steps for requesting a transfer set forth in Section II (C) above.
- E. Transportation for students who transfer within the District must be provided by the student's parents or legal guardian unless as otherwise required by law.

IV. Extenuating Circumstances. The Superintendent may in his/her discretion allow students to transfer to

closed schools when extenuating circumstances warrant.

V. Definitions.

- A. "Assigned school" shall mean the District school in which the student is enrolled/assigned prior to making the transfer request.

AGENDA SUMMARY SHEET

AGENDA ITEM: Capacity Standards for the Enrollment Option Program - 2007-2008

MEETING DATE: January 8, 2007

DEPARTMENT: Pupil Services

TITLE AND BRIEF DESCRIPTION: Capacity Standards for the Enrollment Option Program – 2007-2008. State law and Board Rule 5100.3 indicates that the district, by resolution, may declare a program, class, or school unavailable to option students due to capacity.

ACTION DESIRED: Information Only _____ Approval X

BACKGROUND: The Nebraska Enrollment Option program allows parents, in certain instances, the opportunity to select the school district their child will attend. State law and Board Rule 5100.3 indicate that the Board shall annually adopt a Resolution to declare a program, class, or school unavailable to option students due to lack of capacity. If the District declares a program, class, or school unavailable to option students due to lack of capacity, the District will set forth in the resolution the maximum number of students it has determined constitutes capacity of its programs, classes, grade levels, and school buildings based upon available staff, facilities, projected enrollment of resident students, projected number of students with which the option district will contract based on existing contractual arrangements, and availability of special education programs.

OPTIONS AND ALTERNATIVES CONSIDERED: An option is to keep schools, grades, and programs open. To do so would require more staff and overcrowded facilities.

RECOMMENDATIONS: Adopt the attached Resolution regarding Enrollment Standards for the Enrollment Option Program for 2007-2008 school year.

STRATEGIC PLAN REFERENCE: NA

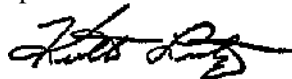

IMPLICATIONS OF ADOPTION OR REJECTION: Adoption will determine which programs, classes, or schools are available or not available to option enrollment students. Also, Nebraska law requires that the Board adopt a resolution whenever it determines that a class, program, or school is unavailable to option enrollment students.

TIME LINE: On or before April 1, the District needs to notify, in writing, the parents or legal guardians of students, the resident school district, and the State Department of Education whether or not enrollment option applications are accepted.

AGENDA SUMMARY SHEET

AGENDA ITEM: Enrollment Option Program Deadline 2007-2008 School Year

MEETING DATE: January 8, 2007

DEPARTMENT: Pupil Services

TITLE AND BRIEF DESCRIPTION: Enrollment Option Program Deadline (2007-2008) for those who wish to option into Millard. This deadline would not allow students living outside the Millard School District to option into the Millard Public Schools during the 2007-2008 school year if the request is received **after** August 10, 2007. Students would be allowed to option out of the Millard School District anytime during the 2007-2008 school year.

ACTION DESIRED: Approval _____ X _____

BACKGROUND: Under the Nebraska Enrollment Option program, parents may, under certain circumstances, request that their child attend a district other than their resident district. The state deadline for enrollment option applications for the 2007-2008 school year is March 15, 2007. School districts have until April 1, 2007, to approve or deny these applications. Parents who submit applications after the March 15th deadline must request a waiver for release from the resident district. The only exceptions to this rule are students who have attended the original school district for the preceding two years. Students who meet these criteria are automatically approved to remain in the original school district if they submit an application for enrollment option.

OPTIONS AND ALTERNATIVE CONSIDERED: N/A

RECOMMENDATIONS: It is recommended that no further enrollment option waivers be accepted after August 10, 2007, for students requesting to enter the Millard school district for the 2007-2008 school year unless required by law. Students may be granted a waiver to leave the Millard school district anytime during the 2007-2008 school year.

STRATEGIC PLAN REFERENCE: N/A

IMPLICATIONS OF ADOPTION OR REJECTION: If the Millard School District does not set a firm deadline for enrollment option applications by August 10, 2007, we cannot deny enrollment option requests from students residing in another district who, late in the school year, use enrollment option as a way to avoid sanctions or failure due to academic, behavioral, or personal/social difficulties.

TITLE AND BRIEF DESCRIPTION: Designation of Official Newspaper

ACTION DESIRED: Approval Information Only

BACKGROUND: In accordance with Nebraska law and district policy, advance publicized notice is made before regular and special Board of Education meetings by a method designated by the Board and recorded in the minutes.

Since January 12, 2004, the Daily Record has been designated as the official newspaper. The Daily Record also is the official newspaper for the City of Omaha and County of Douglas. In the event that a special meeting is called after the deadline has passed for the Daily Record, the meeting is advertised in the World-Herald or Midlands Business Journal (MBJ).

In addition to publication in the official newspaper, the school board meeting schedule is listed in the district calendar, Board Briefs newsletter, and district web site. AGENDA ITEM: Designation of Official Depository

MEETING DATE: January 8, 2007

DEPARTMENT: General Administration

TITLE & BRIEF DESCRIPTION: Designation of Official Depository – Taking official action to designate which institutions will be used for depositing school district funds during the coming year.

ACTION DESIRED: Approval Discussion Information Only

BACKGROUND: School districts are required by Nebraska statutes to officially designate which financial institutions they will be using for the purpose of depositing funds. This action is taken at the organizational meeting each year.

Currently, the First National Bank of Omaha is providing all of our banking services except for some activity fund related services which are provided by Wells Fargo Bank (formerly Norwest Bank), US Bank, Omaha State Bank, and Great Western Bank (formerly Douglas County Bank and Trust).

School district funds are also invested in the Nebraska School District Liquid Asset Fund Plus. This is a statewide investment pool that provides short-term investment opportunities for Nebraska school districts and ESU's.

OPTIONS AND ALTERNATIVES: We could change depository institutions to other qualified institutions.

RECOMMENDATION: It is recommended that the district designate the First National Bank of Omaha and the Nebraska School District Liquid Asset Fund Plus as the primary depositories for school district funds with the further designation of Wells Fargo Bank, US Bank, Great Western Bank, and Omaha State Bank for school activity fund deposits.
