A meeting was held of the Board of Education of the School District No. 17, in the County of Douglas in the State of Nebraska. This meeting was convened in open and public session at 7:00 p.m., Monday, January 21, 2008, at the Don Stroh Administration Center, 5606 South 147th Street.

PRESENT: Jean Stothert, Brad Burwell, Mike Kennedy, Mike Pate, Dave Anderson, and Linda Poole

Notice of this meeting was given in advance thereof by publication in the Daily Record on, January 18, 2008; a copy of the publication is being attached to these minutes. Notice of this meeting was given to all members of the Board of Education and a copy of their Acknowledgment of Receipt of Notice and the agenda are attached to these minutes. Availability of the agenda was communicated in advance notice and in the notice of the Board of Education of this meeting. All proceedings hereafter shown were taken while the convened meeting was open to the attendance of the public.

At 7:00 p.m. Jean Stothert, called the meeting to order and announced that the public meeting act is posted on the wall and available for public inspection. Mrs. Stothert asked everyone to say the Pledge of Allegiance.

Roll call was taken and all members were present.

Motion by Mike Kennedy, seconded by Dave Anderson, to approve the Board of Education Minutes from January 7, 2008, to approve bills, and to receive the treasurer's report and place on file. Upon roll call vote, all members voted aye. Motion carried.

Brad Burwell summarized the Committee of the Whole meeting on Monday, January 14, 2008. The topics under discussion were the revenue projections for 2008-2009, progress report on the Strategic Plan, and legislation.

Superintendent's Report:

1. The next Committee meeting will be on February 11, 2008. Dr. Lutz will not be in attendance, so if he needs to be there it should be scheduled the fourth Monday in February.

After the last Committee meeting on some of the topics that were talked about, especially World Languages, what was heard the board tell him, was to bring back a scaled back version that would be piloted in some of the elementary schools.

2. The Learning Community Superintendents met last Friday, and he has shared some of the communication that is going back and forth with some of the superintendents. There was not much light shed on what would be going on in the legislature regarding LB 641.
3. A meeting was held with Millard staff members who are on various committees of the Building Bright Futures group. There will be a community meeting for West Omaha at the Westside Community Center hosted by Building Bright Futures on Thursday at 6:00 p.m. There will be another meeting at OPS the following week.
4. This week is recognized by the Governor and the Nebraska Association of School Boards as School Boards Recognition Week. Congratulations to the Millard School Board for taking on the most selfless job, and non-paid community service job for a school district. Our Board has been doing this for a long time, including our second year member now. He has been involved in the school district for all a long time, also with committee work. Please recognize the members of the Millard School Board.

Board Comments:

Mike Pate reported that he will not be at the February 4, 2008 Board Meeting.

Linda Poole said she will be at the NASB Legislation Committee meeting next Sunday evening. She is unable to attend on Monday.

Mrs. Poole said she will not be at the board meeting on February 4, 2008, because she will be attending the National School Boards meeting in Washington, D.C.

Brad Burwell said the Town Hall meeting dates have been scheduled. Most of the time will allow community members to ask questions, but there will be some short presentation also. This will be coming to the board very soon. We will probably talk about legislative issues as it relates to LB 641, World Languages, and updating the community on the Strategic Planning and where they are, and some of the thoughts the board has going forward.

Mr. Burwell will be at Millard South High School speaking to some of the oral communication classes on resume writing, and getting ready for their speech interviews.

Dave Anderson will not be attending the Federal Relations Network Conference, so he will be at the Board meeting on February 4, 2008, which will mean there will be a quorum for that meeting.

Mr. Anderson reported that he will be at the NASB Legislative Committee meeting on Monday, but will not be attending on Sunday, so between him and Linda Poole someone will be at conference.

Mr. Anderson said he attended the NASB Board meeting last Friday night, and Saturday. The four major items discussed includes, routine matters were taken care of, in anticipation of the FRN Conference there was discussion on state and federal unfunded mandates. The Governor is looking for information on this from the various districts. The NASB Board did an updated Strategic Planning retreat for NASB, and also had the annual evaluation of the Executive Director, Dr. John Bonaiuto

Mike Kennedy said he had a couple of nice comments concerning the language program, especially about Dr. Lutz responding to questions sent to him by email. Mr. Kennedy called a couple of people who sent emails and they were pleased to know that Board members were interested in their opinions.

Mr. Kennedy said in regards to the Learning Community, that it was sad to see that not a Senator has come up with a change to the Governance program. This will be the only elected board in the state that will have limited voting and property tax levy not directly accountable to the people.

Mr. Kennedy said he had someone interested in running for the Learning Community, who ask him when the primary deadline to file was, and he was surprised that there was no primary. Hopefully, something will change down the road, but he stated that Papillion would probably file their lawsuit.

Jean Stothert recognized the 20 members of the Leadership Academy in attendance.

Mrs. Stothert also recognized Boy Scout Troop 405, Mr. Mark Quandahl is the leader of the troop.

The next meeting of the Metropolitan Area Boards of Education will meet on Wednesday, February 6, 2008.

Mrs. Stothert gave an explanation about the proposed World Language program. The Board's goal is that the curriculum would be competitive in our global society, and prepare the Millard students for the 21st century. The board gave the staff the direction to develop a plan to start foreign language in the elementary school, but we have to underline develop a plan, so it is in the developmental stages. Last week at the committee meeting there was a preliminary revenue projection, which was reported to the Board for consideration to begin to develop the budget for the forthcoming year. In lieu of the revenue projections there are a lot of unknowns, and then having a clear understanding of the cost of the elementary foreign language program we now have given direction to our staff and to the administrators to develop a scaled back program, and possibly, piloting elementary foreign

language in several schools. So, it is still very much in the developmental stage. She also wanted to say that Spanish was chosen to be the language after a community survey, and also after looking at the language that most students take in the middle schools and high schools, which is Spanish. That is the reason that Spanish was chosen.

There have been emails sent out this past week talking about mandatory Spanish in the Millard schools, and those emails were pre-mature, Mrs. Stothert noted. She reiterated that the Board has given the administration direction to develop more of a scaled back program.

Mrs. Stothert said the Board does welcome comments from community members.

AGENDA SUMMARY SHEET

AGENDA ITEM: Approval of Contract with Midwest Medical Transport Company to provide EMT/Ambulance Coverage for Non-Varsity High School Football Games and Middle School Football Games during the 2008 Season.

MEETING DATE: Monday, February 4, 2008

DEPARTMENT: Athletics and Activities

TITLE AND BRIEF DESCRIPTION: Approval of contract with Midwest Medical Transport Company to provide EMT/Ambulance coverage at non-varsity high school football games as well as middle school football games. As budget permits and need arises, coverage could be expanded to varsity football games.

ACTION DESIRED: Approval X

BACKGROUND: The Omaha Fire Department provides EMT/Ambulance coverage at varsity football games throughout the metropolitan area, including football games at Buell Stadium at no charge to the district or the high schools. However, the fire department does not have the manpower to provide this coverage for any other level of tackle football sponsored by our schools. Additionally, when the fire unit receives a call the unit leaves the football game and that game is left with no EMT/Ambulance coverage until or unless that unit is able to return to the game. With the approval of the contract with Midwest Medical Transport Company, all home interscholastic football games in Millard Schools would have an emergency medical technician (EMT) and an ambulance at each home football game.

The initial length of the contract would be two years. At the end of this contract the district could seek requests for proposals from ambulance companies interested in providing this service to the district.

OPTIONS/ALTERNATIVE CONSIDERATIONS: One option would be to not provide this type of coverage for football games other than what the fire department provides for high school varsity football games.

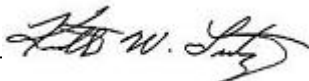

RECOMMENDATIONS: Approval

STRATEGIC PLAN REFERENCE: N/A

IMPLICATIONS OF ADOPTION OR REJECTION: Without the approval of this contract, the only games that have the possibility of emergency transport from a game site are the varsity football games. While we hope that we would never have cause to use the service, it would be nice to know that this coverage is available at all Millard football games. With the contract we should not have to wait for emergency transport to arrive at a football game to take an injured athlete to the hospital.

TIME LINE: Coverage would begin with the 2008 season.

PERSONS RESPONSIBLE: Craig Whaley, Director of Activities and Athletics

SUPERINTENDENT'S APPROVAL: _____  _____

AMBULANCE AND EMT COVERAGE AGREEMENT

This Ambulance/EMT Coverage Agreement ("Agreement") is made and effective this _____, 200__, by and between Midwest Medical Transport Company, a Nebraska Corporation ("Midwest Medical Transport") and Douglas County School District No. 17, which is also commonly known as the Millard School District ("School").

To the extent of its policies of insurance as provided in this paragraph, School will indemnify and hold Midwest Medical Transport harmless from and against any and all liabilities, claims and causes of action arising from or relating to School's activities and those of its agents and employees. In connection therewith, School agrees to carry, or caused to be carried, appropriate policies of general liability insurance and specific coverages as shall be necessary for sound business practices of School.

10. **Controlling Law.**

This Agreement shall be governed by and construed in accordance with the laws of the State of Nebraska.

11. **Headings.**

The headings in this Agreement are inserted for convenience only and shall not be used to define, limit or describe the scope of this Agreement or any of the obligations herein.

12. **Final Agreement.**

This Agreement constitutes the final understanding and agreement between the parties with respect to the subject matter hereof and supersedes all prior negotiations, understandings and agreements between the parties, whether written or oral. AGENDA ITEM: Legislative Update

MEETING DATE: February 4, 2008

DEPARTMENT: Office of the Superintendent

TITLE AND BRIEF DESCRIPTION: Legislative Update for the 100th Legislature.

ACTION DESIRED: APPROVAL ____ DISCUSSION ____ INFORMATION ONLY XX

Legislative Issues and Happening

- **ASSESSMENT:** The hearing for LB 987, the first of two assessment bills pending before the Legislature. Senator Ron Raikes, the primary sponsor of the bill, was the sole proponent testifier. NCSA, NASB, NSEA, and a host of school officials testified in opposition. Fred Meyer represented the State Board of Education and NDE in opposition to the bill. Senator Raikes spoke about the need to fully implement the intent of LB 653 (2007). He also said he wants to see an end to mandatory local-based assessment. In related news the State Board of Education voted unanimously to support LB 1157 during its annual session to review pending legislation.
- **Bullying Bill – LB 205** was advanced to Select File.
- **TEEOSA Changes - February 11** is the date for hearings on bills that change TEEOSA. LB 873 (Kopplin) provides for a student growth factor in state aid. LB 879 (Kopplin) provides for construction adjustment in TEEOSA. LB 988 (Raikes) is a comprehensive piece of legislation with many of Raikes ideas from past years including changes to class size, inter-local agreements and assessed valuation. LB 1079 (Raikes) will exclude a portion of legal expenses from TEEOSA.
- **Learning Community - February 12** is the date for hearings on Learning Community bills. LB 970 (Gay) eliminates taxing authority of learning communities. LB 978 (Gay) changes provisions for school district boundary changes for Class III schools. LB 886 (Gay) changes provisions for student transportation. LB 1005 (Howard) changes provisions for LC diversity plans. LB 1154 (Raikes) add the superintendents to the LCC, School district boundaries could be modified prior to the establishment of the learning community, the common levy would reflect the previous resources for the first three years. The potential uses for the learning community capital levy would be narrowed. Provisions regarding the diversity plan and the educational options would be streamlined. Finally, the qualifications to become a learning community would also be modified. Hearings will conclude on February 26.

National Issues

- A ruling earlier this month by the U.S. Court of Appeals for the 6th Circuit, in Cincinnati, that NCLB is essentially an unfunded federal mandate does not give states or schools the right to disregard the law, Secretary of Education Margaret Spellings said. The National Education Association general counsel has said the ruling means states and district cannot be forced under NCLB to use their own funds to comply with the law's mandates regarding testing and school progress.
- The U.S. Supreme Court is expected to be less active this term in the education realm -- a stark change from the 2006-07 session, in which the High Court issued landmark rulings on race, free speech, teachers unions and special education. Last year's rulings were enough to give school districts lots to think about," said Francisco M. Negrón Jr., the National School Boards Association's general counsel.
- At the beginning of last week Congress failed again in its attempt to override the President's veto of the SCHIP children's insurance program. Final Medicaid regulations will end school reimbursements for administrative and transportation services you provide to Medicaid-eligible

children. However, due to our efforts, Congress also had before it legislation to codify these⁴⁷ reimbursements in law, thereby nullifying the regulations. Unfortunately, that provision was pulled from another bill at the last moment

Candidates for the Learning Community Coordinating Council include:

- District 2 – Melvin Muhammad
- District 3 – Anthony Levy, Lynne Anderson, David Wilken, and Sam Brower
- District 4 – Tom Petrie, Dwite Pedersen, Al Inzerello, and Jim Begley

Status Report on Early Entrance to Kindergarten

LB122 added provisions in 1998 that allowed local Boards of Education to approve assessment procedures for identifying children turning five between October 16 and February 1 to enter kindergarten early. The bill stipulates that the district must develop specific criteria to identify children for early admission to kindergarten.

On June 7, 1999, the Millard Board of Education approved extending the Procedures for Grade Acceleration to early kindergarten entrance. The procedures that the district follows include:

1. A parent/guardian wishing to have their child considered for early entrance must be a resident within the Millard Public Schools boundary.
2. The parent/guardian must attend a parent meeting about early entrance testing.
3. The assessment date and time will be scheduled at the end of the parent meeting.
4. The parent/guardian must bring to the testing center, prior to testing:
 - Consent for Evaluation,
 - Copy of the child's birth certificate,
 - Complete the Social/Emotional Adaptive Skills Inventory during the testing session,
 - An \$85 check to the Millard Public Schools
5. Early entrance into kindergarten will be based on meeting or exceeding all assessment cutscores.
6. A report will be provided the parent/guardian and a copy placed in the child's school record.
7. If the child will be accepted into kindergarten, information will be shared with receiving school personnel.
8. If the child meets the criteria for early entrance they must attend full-day.

Assessment Components Include:

1. Screening Assessment for Gifted Elementary Students – SAGES-2, administered by qualified district personnel (a score at or above the normal range based on 5 years, 7 months, the average age for a beginning kindergartner in Millard)
2. Early math (counting, number recognition – within the average range)
3. Reading (alphabet, letter sounds, phonemic awareness, concepts of print w/ three book levels – within the average range)
4. The BASC is completed by parents (60% or higher)
5. Visual motor screening (within the average range)
6. Slosson Test or APPSI-II will be administered if more information is needed (Quotient of 120 or higher)
7. Other assessments deemed necessary

Current Status:

1. Each year two testing sessions are held, the first in March/April so a child could attend Kindergarten Round-up if they qualify and the second in August prior to school starting.

2. Each year we work with 4 to 5 families who are unwilling to accept the results and want exceptions made to allow their child to be accepted. A great deal of time is spent with these families.
3. Each year the majority of children test at their chronological age. Many parents participate in testing in hopes of by-passing a year of day-care. Many will ask if their child is accepted if they can repeat kindergarten the following year to be with their age peers, of which the answer is no.
4. About 40% of the students tested each year are families from India or Asia.
5. The District Acceleration Procedures allow a child who enters kindergarten with advanced skills a procedure and criteria to be assessed and advanced to first grade if appropriate.
6. We test on average 18 to 22 students each year with 1 or 2 children qualifying at a rate of about 8% of those tested.
7. Each year we receive more calls and requests from families outside the district than inside the district. We have finally gotten the correct number for OPS parents to call. We do not test children who are not Millard residents.
8. Of the 11 districts in the Learning Community, Millard, OPS, Elkhorn, and Ralston are the only districts that offer early entrance to kindergarten testing. The qualifying criteria for the four districts are all different. The fee for testing varies by district, \$0 - \$100.
